AGENDA

Tuesday, September 22

11:00 AM — **Lunch & Registration**

WELCOME SESSION

12:00 PM — **Call to Order**
Jay Cruz, *ILTA*

ZEECO

Joint Committee meeting of the Environment, Government, Health & Safety, and Security Committees (Chairs Odom, Wooten, Buckner, Wallace, Mendenhall, Evans, Hinch, and Squair).

- Antitrust Policy Reminder
- Approval of Spring 2026 Joint Committee Minutes
- Zeeco Remarks

SECURITY COMMITTEE

12:10 PM — **Security Committee Overview**
Ronnie Odom, *Ergon, Inc.*

12:15 PM — **MTSA Cybersecurity Rule Coalition**
Steve Roberts, *Chemical Security Group LLC* & Lee Scott, *Odfjell Terminals US*

This session will focus on the June 2026 U.S. Coast Guard (USCG) Policy Letter 01-26: Cybersecurity Assessment Initial Scoping and Process, which requires MTSA-regulated facilities to develop and submit Cybersecurity Plans and conduct CSAs no later than July 16, 2027. Steve Roberts of the Chemical Security Group will discuss the challenges the industry faces if the letter is implemented as written and how ILTA is working with a multisector coalition to engage USCG on this issue.

1:00 PM	**Section 2209 Rule Overview** James Privette & Matthew Ponticiello, *ILTA* On May 6, 2026, FAA released their long-awaited Notice of Proposed Rulemaking (NPRM) outlining a process for fixed-site critical infrastructure facilities to apply for an Unmanned Aircraft Flight Restriction (UAFR). This session will highlight key aspects of the rule, ILTA's comments, and the future of UAS regulations and legislation on Capitol Hill.
1:45 PM	**Security Committee Roundtable** Ronnie Odom, *Ergon, Inc.* The Security Committee will conduct a roundtable discussion on security-focused issues, including physical security at terminals, Coast Guard cybersecurity policy, single reporting for cybersecurity incidents, and updates from security-focused working groups.
2:05 PM	**Intermission** • Caldwell Tanks, Inc. Remarks

HEALTH & SAFETY COMMITTEE

2:15 PM	**Health & Safety Committee Overview** Dennis Mendenhall, *Marathon Petroleum Company* & Byrne Evans, *IMTT*
2:20 PM	**Serious Injury or Fatility (SIF) Presentation** Dennis Mendenhall, *Marathon Petroleum Company* & Byrne Evans, *IMTT* SIF tracking has emerged as a leading indicator across the oil and gas industry, providing insight beyond traditional OSHA Recordable, Restricted Duty, and Days Away from Work metrics. This session will examine the methodologies used by organizations such as the American Petroleum Institute (API), the American Fuel and Petrochemical Manufacturers (AFPM), and the International Association of Oil and Gas Producers (IOGP) to define, track, and analyze SIF events. Participants will explore how incorporating SIF data into annual safety metric submissions can help identify industry trends, strengthen collaboration among ILTA member companies, and drive continuous improvement in areas with the greatest potential to prevent serious injuries and fatalities.
3:05 PM	**PHSMA Breakout Tank Rule Overview** Michael Gray, *Marathon Petroleum Company* On June 2nd, PHMSA released an NPRM that would update the regulation for breakout tank inspections from the 3rd edition of the API standard 653 to the 5th edition. This session is designed to highlight how these changes can have a significant impact on terminal operations moving forward.
3:50 PM	**Health & Safety Committee Roundtable** Dennis Mendenhall, *Marathon Petroleum Company* & Byrne Evans, *IMTT* The Health & Safety Committee will conduct an open roundtable on various matters, including behavior-based safety programs, safety culture initiatives, confined space entry, electronic permits, inspections, job site safety tips, and more.
4:10 PM	**All Committees Breakout Session** Led by their respective co-chairs, each committee will break into breakout sessions to discuss pressing issues facing the terminal industry. Following the discussions, each group will reconvene to share key takeaways and recommendations with the joint committee.
5:15 PM	**Networking Reception/Adjourn**

Wednesday, September 23

8:00 AM — **Breakfast** (On Your Own)

9:25 AM — **Call to Order: Day 2**

Jay Cruz, *ILTA*

Joint Committee meeting of the Environment, Government, Health & Safety, and Security Committees (Chairs Odom, Wooten, Buckner, Wallace, Mendenhall, Evans, Hinch, and Squair).

- Antitrust Policy Reminder
- Sam Carbis Solutions Group, LLC Remarks

GOVERNMENT AFFAIRS COMMITTEE

9:30 AM — **Government Affairs Committee Overview**

Jake Hinch, *Marathon Petroleum Company* & Philip Squair, *Colonial Pipeline Company*

9:35 AM — **ILTA Advocacy During the 2026 Midterm Election**

Jay Cruz, James Privette, Matthew Ponticiello, *ILTA*

The ILTA Government Affairs team will provide an update on the association's advocacy and where key issues stand legislatively as the nation heads towards the November 2026 election season.

10:00 AM — **Fireside Chat**

Government Affairs Committee Co-Chairs Jake Hinch & Phil Squair will host a fireside chat with federal and/or state officials on the current state of energy policy. This session will provide participants an opportunity to engage directly with policymakers and explore how evolving energy policies impact the bulk liquid terminal industry.

11:00 AM — **Lunch**

ENVIRONMENT COMMITTEE

12:00 PM — **Environment Committee Overview**

Simone Wallace, *Sprague Energy* & Scott Buckner, *CITGO*

12:05 PM — **PFAS Transitioning Best Practices**

Greg Jakubowski, *Buckeye Partners L.P.*

Facilitating the transition from PFAS-based firefighting foams has become a major issue amongst policymakers at all levels of government and has the potential to have a lasting impact for decades. This session will allow for an open forum to help create the future of AFFF transition policy.

12:30 PM — **GD Rule Deep Dive**

Harold Laurence, *ILTA*

Join ILTA for an in-depth discussion on air permitting policies shaping the terminal industry. This session will highlight ILTA's ongoing advocacy related to the Gasoline Distribution and NSPS Subpart Kc rules, compliance with the rules as written, and examine broader regulatory trends impacting terminal operations.

3:40 PM — **Environment Committee Roundtable**

Simone Wallace, *Sprague Energy* & Scott Buckner, *CITGO*

The Environment Committee will conduct a roundtable discussion on matters of importance to ILTA members, including federal and state regulatory reporting updates and trends; decarbonization; environment, social, governance (ESG); and more.

4:00 PM — **Adjourn**
